

ACC Ultivacrete

Designed with High Strength. High Performance Concrete.

INDIA'S FIRST
CEMENT COMPANY

ACC
करें कुछ कमाल

Features :

- **HIGH STRENGTH**

Concrete with special additives to provide more than 60 Mpa Strength.

- **EFFICIENT STRUCTURE**

Design slender structures which can help in adding more carpet area.

- **INCREASED DURABILITY**

Concrete made for long lasting structures.

Areas of application :

- ✓ **HIGH RISE BUILDING**

High strength columns: Tailor made for high rise buildings that commonly require columns to be designed using high strength concrete.

- ✓ **INFRASTRUCTURE USE SUCH AS LONG SPAN BRIDGE, HIGH BEARING CAPACITY STRUCTURAL ELEMENTS**

High strength structures requiring higher Modulus of Elasticity can be made using Ultravacrete
